HIGHLY PORTABLE JAW CRUSHER

The TJ-2440 Jaw Crusher continues IROCK’s focus on quality, durability, and productivity. With heavy duty cheekplate design, a 40" wide jaw and user-friendly control panel which has excellent machine diagnostics, the TJ-2440 provides contractors with a highly portable option while meeting all production expectations. At 2.5 metres wide, it’s ideal for applications that require a high degree of mobility.

Maximum productivity is delivered through the enhancements to the deeper jaw box, including a faster jaw speed and a larger gap between the crusher discharge and main conveyor feedboot.

The TJ-2440 retains the core values expected in a full size IROCK Jaw Crusher, including high capacity production and heavy duty build, packaged for efficiency and mobility.

- **Engine**: 225 hp (166 kW) Diesel
- **Transport Height**: 10’ 6" (3.20m)
- **Transport Length**: 45’ 2.6" (13.78m)
- **Transport Width**: 8’ 2.5" (2.50m)
- **Weight-w/ magnet & side conveyor**: 76,280 lb (34,600kg)
- **Crushing Chamber**: 40"(wide) x 24"(pitman opening)
- **Stockpile Height - Main Conveyor**: 11’ 4.2" (3.47m)
- **Stockpile Height - Side Conveyor**: 8’ 2" (2.50m)
